

# Offender Rehabilitation Award

Reactiv8 was proud to be nominated and be a finalist for the Offender Rehabilitation Award for the Police Crime and Commissioner Awards “Women who make Bedfordshire Safer”. The award ceremony was held on Monday 23 July 2018 at Kings House, Bedford. It was nice to be recognised for the positive work we are doing across Bedfordshire to reduce re-offending and rehabilitate those with offending backgrounds.

We were nominated in this category because of the work the team does collectively to support in the rehabilitation of ex-offenders which has been described by Marian Brewer as “really quite remarkable.” There are numerous letters and testimonies showcasing this work, along with the support it provides to individuals from probation service, BeNCH CRC and at HMP Bedford which is said to be life changing.
